REPORTS OF STANDING COMMITTEES

Finance and Personnel Committee

Mr. Tim Hamann, Managing Director of Marquette Associates, informed the board members that Marquette Associates is an investment consultant, rather than a money manager, and in that capacity will advise the Port District on how to manage their pension fund investments. He briefly discussed the previous allocation of the funds and stated that Marquette's objective is to earn a 7% return on investment. During the last ten years the return has averaged only 5.2%. He distributed a report with recommendations that should be helpful to the pension portfolio when interest rates rise. Marquette also proposes greater diversification with lower fees.

A Motion to accept the investment recommendations of Marquette Associates was made by Mr. Sullivan, seconded by Mr. Fitzmaurice, and passed unanimously.

Treasurer's Report

In the absence of Treasurer Oelerich, Chairman Forde reported on the Finance and Personnel Committee Meeting Minutes. He identified a shortfall in revenue due to North America Stevedoring's withholding of rent on optioned property. Payment received from NASCO has not been deposited because of a discrepancy in the amount due.

Chairman Forde also reported that the Port District's response to the report compiled by the Office of the Auditor General had been submitted on June 10. The OAG will review the response and get back to us with a response.

Executive Director Ianello asked the Board to approve the 2013-2014 contract with the Local Government Health Plan, administered by Central Management Services, that provides health insurance coverage for Port District employees. A Motion was made by Mr. Fitzmaurice to approve the contract. It was seconded by Mr. Sullivan and passed unanimously.
