I. Background

The Illinois International Port District (IIPD) is an Illinois municipal corporation created to promote the shipment of cargoes and commerce through its facilities. IIPD is the owner and master landlord controlling two land areas in South Chicago: Iroquois Landing, an open paved terminal with 3,000 linear feet of ship and barge berthing space located at the mouth of the Calumet River in the southwest corner of Lake Michigan; and Senator Dan Dougherty Harbor (Lake Calumet) which currently is home to various harbor operations and terminals located at the junction of the Grand Calumet and Little Calumet Rivers, situated six miles inland from Lake Michigan. IIPD's harbor facilities are served by rail facilities and are adjacent to three interstate highways and feature an abundance of warehouse facilities. IIPD currently leases facilities within its harbor areas to freight forwarders, export packaging, customs brokers, consolidators, shippers' associations, forwarders and expeditors, specialists in fragile and perishable cargoes, and many other users.
